Laboratory tests

Lipid profile
Creatinine
Glycosylated hemoglobin
Transaminases TGO and TGP
Complete hemogram
TSH
Ferritin
Urine cytochemistry
Glucose
Uric acid
BUN

Clinical evaluation

Internal medicine consultation

Laboratory tests

Lipid profile	Lipid profile	Lipid profile
Creatinine	Creatinine	Creatinine
Glycosylated hemoglobin	Glycosylated hemoglobin	Glycosylated hemoglobin
Transaminases TGO and TGP	Transaminases TGO and TGP	Transaminasas TGO y TGP
Complete hemogram	Complete hemogram	Complete hemogram
TSH	TSH	TSH
Ferritin	Ferritin	Ferritin
Urine cytochemistry	Urine cytochemistry	Urine cytochemistry
Prostate antigen	Prostate antigen	Prostate antigen

Cardiology

EKG	Stress test	Stress test
	EKG	EKG
		Transthoracic echocardiography

Diagnostic imaging

Total abdominal ultrasound	Total abdominal ultrasound	Total abdominal ultrasound
Chest x-rays	Chest x-rays	Endoscopy
		Colonoscopy
		Chest x-rays

Clinical evaluation

Consultation by specialist (internist/cardiologist)	Consultation by specialist (internist/cardiologist)	Consultation by specialist (internist/cardiologist)
---	---	---

Laboratory tests

EKG	Stress test	EKG
Transthoracic echocardiography	EKG	Stress echocardiogram
	Transthoracic echocardiography	

Diagnostic imaging

Total abdominal ultrasound	Total abdominal ultrasound	Total abdominal ultrasound
		Carotid duplex

Clinical evaluation

Consultation by specialist (internist/cardiologist)	Consultation by specialist (internist/cardiologist)	Consultation by specialist (internist/cardiologist)
---	---	---

Laboratory tests

Hemoleukogram
Total cholesterol
HDL
LDL
Triglycerides
Glycemia
BUN
Creatinine
TSH
Total CPK
Testosterone
Basal Insulin
TGO
TGP
Lactate dehydrogenase
Bilirubins

Cardiology

Stress test
24-hour Holter
Transthoracic echocardiography

Diagnostic imaging

Body composition desitometry
Musculoskeletal ultrasound

Clinical evaluation

Consultation by a sports physician
Consultation by a cardiologist
